

BARNES HEARS FROM HIS FIRST BOSS

Soldier Boy Brings Greetings to Cashier of National Bank.

Pleasantly surprised was Glenn F. Barnes, cashier of the National Bank of Fairmont, and prime mover in the war saving stamps sales, Liberty Bond sales and other government activities, today when a soldier boy from Camp Lee bobbed up and presented him with greetings from his Mr. Barnes' first employer, Col. H. G. Bowles.

The colonel is manager of the savings department of the National Bank of Petersburg, Petersburg, Va., and when the Fairmont visitor visited the institution he immediately inquired about Mr. Barnes, who as a lad of eighteen held a clerical position under Col. Bowles when he was connected with the old Monongahela railroad between Fairmont and Clarksburg.

From the literature which Col. Bowles sent along with the soldier boy it could be gleaned that the National Bank of Petersburg has done a "land office" business since the soldiers arrived at Camp Lee.

MANY THINGS ARE HAMPERING TRADE

Supplies Hard to Obtain Declares Dun's Review of Trade.

NEW YORK, Jan. 26.—Dun's weekly review of trade this week says: With the recurrence of severe storms and extreme cold in sections of the east and elsewhere, the drastic measures adopted to ameliorate the traffic congestion have not been fully effective and freight embargoes have again been resorted to as a means of expediting shipments of urgently needed war materials, foodstuffs and fuel. While numerous exemptions were granted before the government's five-day industrial shutdown order became operative, the restriction of production was in many instances extensive and the practically general Monday suspension of business over a wide area naturally lessened the volume of merchandise moving into consumptive channels.

Recognition that supplies for strictly civilian uses will be more than ever difficult to obtain, now that outputs have been still further curtailed, has prompted efforts among some interests to cover forward requirements at rising prices; yet sellers are increasingly reluctant to encumber themselves ahead of time, and few manufacturers are so largely occupied with government work that demands from the regular trade cannot even be considered.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, at this time, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and have no appetite. Then it would last two weeks, and was so weakening, my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I had three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for little trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

You are nervous or weak, have headaches, backaches, or any of the other troubles so common to women, why not try Cardui a trial? Recommended by all physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.
